Rigour (II session)	10/10		
Discussion (II session)	15/15		
Presentation (communication, 8 + professional appearance, 2)	7+2	9	10
TOTAL		87	90

Comments:

- The reference for the last movement is not e.g. Schenck/Kunze et al.
- The first author is different.
- How do you value of K_m and R_e compare with literature value?

- Extracting water from dry parts of the campus - good.
- Pumping water - good for drainage?

What about minors?
