

# Experience an Interactive Distance-Learning Science Class with UCLA and Tuskegee University

## SCIENCE & SOCIETY 70A

### *Genetic Engineering in Medicine, Agriculture and Law*

Winter 2014

Learn about genes & how they are engineered

Hear experts discuss DNA testing in crime labs, in vitro fertilization and genetically-modified foods

Lectures: Tuesdays and Thursdays, 3:30 – 6:00 pm, Olson 250  
(CRN 80310)

Discussion Section: To be scheduled  
BIS 98 (CRN 55243)

All non-biology students (especially non-science students!) and Freshman biology students may enroll

For information about the class, contact Professor John Harada, [jjharada@ucdavis.edu](mailto:jjharada@ucdavis.edu)

or see course content and videos of past lectures @ <http://openwetware.org/wiki/Harada:Classes>

Discuss legal and ethical issues raised by the use of genetic engineering

Earn GE credits for Science & Engineering or Social Sciences

one of America's 10 Hottest Classes
