

Hello

I'm Nida Patel

Patel.L.nida@gmail.com

Skills

In terms of abilities I am qualified in presentation and communication capable of holding friendly and professional conversations. I have taken Spanish for close to 6 years and am capable of comprehending the language at a decent level, I am also capable of speaking and understanding Hindi at an advanced level since it is my 2nd language. I am extremely cooperative and work well in teams because of my friendly persona that I have developed through my group activities such as Ice theater and as a tutor for math and english for young children at La Ballona Elementary School.

Experience

July 2014 - August 2018

Eco Station, Culver City - *Volunteer*

- Child Care, supervision and hosted activities and games
- Animal food prep and hygiene, cleaned the kitchen utensils and floors, prepped meals for the animals on sight

January 2016 - April 2018

American Flyers, Santa Monica Aviation- *Volunteer Staff*

- As a private pilot I helped issue flight plans and file paperwork to the FAA (Federal Aviation Administration)
- I assist in radio call clarification because I have been noted to have clarity and projection in my speech patterns

August 2014 - June 2018

Medical Club- *President*

- I am in charge of scheduling meeting dates and finding professionals to come in and present for the club which has allowed me to further develop my skills of communication
- I create slideshows and activities for the club members to participate in which has improved my abilities of presentation and leadership
- We are extremely involved in community events and set up and host many medical walks and career orientations

Education

August 2014- June 2018

Culver City High School, Culver City

I am in the top 10% of my High School and am extremely engaged in my curriculum picking some of the rigorous courses offered on campus such as: AP Biology and AP US History. Since the beginning of high school I have taken only the most difficult english courses available, this year I took AP Language and have scored substantially high in both semesters. My abilities in scholarly materials has assisted me in my communication abilities as well as problem solving in daily matters and issues.

Loyola Marymount University, Los Angeles

August 2018 - Present

I am currently enrolled in the fall semester at LMU as a biology major. I will be a fulltime student with the goal to complete my Medical school requisites in the shortest amount of time possible.
