

Shimadzu 1800 spectrophotometer with Thermal Melt system

Micro and submicro cells require a Z height of 15mm

Suitable cells for micro volume work are:

Starna brand:

16.50-Q-10/Z15, 50ul volume self masking with 10mm path length

16.100-Q-10/Z15, 100ul volume self masking with 10mm path length

The cell for thermal melts is:

Hellma brand

Cat # 660-236-40, Type 660.236-QS

Shimadzu Spectrophotometer

Model 1800
